In & Around Jabalpur

The Heart of Madhya Pradesh

 **Bhedaghat & Marble Rocks**

One of Jabalpur's most iconic sites, Bhedaghat, is famous for its towering marble cliffs along the Narmada River. A boat ride through the shimmering white marble rocks, especially under the moonlight, offers a breathtaking experience.

 **Dhuandhar Falls**

Located near Bhedaghat, the Dhuandhar Falls is a spectacular waterfall where the Narmada River cascades down with immense force, creating a misty effect, which gives it the name "Dhuandhar" (meaning smoky flow).

 **Madan Mahal Fort**

An ancient fort built by the Gond ruler Raja Madan Singh, this historic structure stands atop a hill, offering a panoramic view of Jabalpur. The fort is a testament to Jabalpur's glorious past and has several architectural marvels, including underground passages and secret chambers.

 **Rani Durgavati Museum**

Dedicated to the valor of Queen Rani Durgavati, this museum houses an extensive collection of sculptures, manuscripts, and tribal artifacts, showcasing the rich history and culture of Madhya Pradesh.

 **Kanha and Pench Tiger Reserve**

Pench and Kanha are two well-known tiger reserves in central India, each with unique characteristics and attractions. Pench, known for its teak forests, is famous for tigers and wild dogs, while Kanha is renowned for its grasslands and sal forests, and is the last home of the Hard Ground Barasingha.

 **Lord Shiva Statue**

The Kachnar City is well known for the tourist attraction and religious destination for the locals and the people from abroad because of the tallest statue of Lord Shiva which was built in the year 2004 and was made available for the public, tourists and the devotees from 15 February 2006.

 **Pachmarhi**

Pachmarhi, also known as Satpura ki Rani, is a hill station in the central Indian state of Madhya Pradesh. Its many waterfalls include Apsara Vihar, with its calm pool, and soaring, single-drop Silver Fall nearby. The Bee Fall tumbles over a jagged rock face to the northwest.

 **Chausat Yogini Temple**

The Chausath Yogini Temple, Bhedaghat, also called the Goldati Math, is one of India's yogini temples, but exceptionally it has shrines for 81 rather than the usual 64 yoginis. All the same, scholars include it among the 64-yogini temples.
